

# Dinner and a Math Problem

## GRAND ISLAND

.....

*The Dinner and a Math Problem events will bring together math teachers (especially of grades 6-12) and mathematicians with the goal to discover and pass along to students the excitement and richness of problem solving in deep yet accessible mathematics topics.*

**WHEN:** Tuesday, Oct. 26

Dinner: 6:00 P.M.

Presentation: 6:30-7:30

## “Conway’s Rational Tangles”

*Rational Tangles is an amazing hands-on application of fractions.  
The activity can be understood and used by all ability groups.*

**WHERE:** Grand Island Senior High, room TBA

**RSVP:** Sue Graupner ([sgraupn@lps.org](mailto:sgraupn@lps.org)) by October 20
