Monday, October 19, 2015

Please join us for a day-long STEM Education Research Retreat on Monday, October 19, in Avery Hall on the UNL City Campus. This event is intended for all faculty, staff, postdoctoral research assistants, and students (graduate and undergraduate) who are conducting Science, Technology, Engineering, and Math Education (STEM) Research on the UNL campus. The goals of this retreat are to:

- provide an avenue for the STEM Education Research community to learn about one another’s projects;
- provide opportunities to develop research collaborations between STEM Education Research faculty and their students; and
- provide opportunities to connect STEM education researchers with local research support groups/organizations.

Come and share your research projects at the poster gallery walk. More details regarding the poster requirements are on the registration form.
